Setup Questions

So we can set up your 3D designer and build your buildings the way you do

Answer what you can and email it back to us with **your logo**, **your price sheet** and **photos of your buildings** (the front, a side and the inside of each style). Skip anything that doesn't fit your business; we go over the rest with you on the phone. Type in the boxes on screen (the free Adobe Acrobat Reader works) or print it and write.

We are sending you

- ☐ Our logo
- ☐ Our price sheet
- ☐ Photos of our buildings
- ☐ Truss or framing drawings

FILLED IN BY _____ **DATE** _____

1. YOUR BUSINESS

BUSINESS NAME, AS YOUR CUSTOMERS SHOULD SEE IT _____

A SHORT NAME, IF THAT ONE IS LONG _____

MAIN PHONE _____

MAIN EMAIL _____

WEBSITE _____

WHO WE SET THINGS UP WITH _____

THEIR PHONE _____

THEIR EMAIL _____

YOUR 3D DESIGNER WEB ADDRESS, FIRST CHOICE _____ .barnwrightsoftware.com

SECOND CHOICE _____ .barnwrightsoftware.com

2. YOUR LOOK

Your 3D designer and your Dealer Center use your logo and two colors. Send your logo as a PNG, SVG or JPG, the biggest and clearest one you have.

☐ Use the standard **black and gold**

OR YOUR COLORS: THE TOP BAR _____

BUTTONS AND HIGHLIGHTS _____

A LINE UNDER YOUR NAME (FOR EXAMPLE: STORAGE BUILDINGS, DELIVERED) _____

3. YOUR LOTS

Each lot gets its own 3D designer link, and its quote requests go to that lot. More lots? List them in section 10.

Lot 1

LOT NAME (FOR EXAMPLE: PORT CHARLOTTE)

4. YOUR TEAM

Everyone who signs in to your Dealer Center. **Managers** see every lot's customers and orders, **dealers** their own lots'. Only owners change prices and settings. More people? List them in section 10.

NAME	EMAIL (THEIR LOGIN)	OWNER, MANAGER OR DEALER	THEIR LOTS

5. THE BUILDINGS YOU SELL

Tick each style you sell, and give it your own name if you call it something else. Each one is drawn the way it is built, so send photos of yours, and of anything you build that isn't on this list.

Utility and Storage

STYLE	YOUR NAME FOR IT	STYLE	YOUR NAME FOR IT
☐ Utility Shed		☐ Side Utility	
☐ Dormer Shed		☐ Backyard Utility	
☐ Garden Utility			

Barns

☐ Standard Barn		☐ Lofted Barn	
☐ Side Lofted Barn		☐ Cottage Shed	
☐ Single Slope			

Cabins

☐ Cabin		☐ Lofted Barn Cabin	
☐ Side Cabin		☐ Loft Side Cabin	
☐ Deluxe Side Cabin		☐ Deluxe Loft Side Cabin	

Garages

☐ Garage		☐ Lofted Barn Garage	

Metal Buildings

☐ Metal Utility		☐ Metal Lofted Barn	
☐ Metal Garage		☐ Metal Cottage	

Dog Kennels

☐ Dog Kennel			

BUILDINGS YOU SELL THAT AREN'T ON THE LIST

WHAT COMES STANDARD ON EACH STYLE (DOORS, WINDOWS, VENTS)

For example: Lofted Barn, a 72 in double door and two 2×3 windows.

5. SIZES AND PRICES

Easiest: send us your price sheet and skip this page. Otherwise write each size you sell as width × length in feet (widths 4 to 16 ft, lengths up to 60 ft) and its price with the doors and windows it comes with.

STYLE	SIZE	PRICE	STYLE	SIZE	PRICE
		$			$
		$			$
		$			$

		$			$

6. HOW YOU BUILD THEM

We draw every building the way it is really built, from the skids up to the roof. The middle column is how we draw it now. Write only what you do differently.

PART	HOW WE DRAW IT	HOW YOU BUILD IT, IF DIFFERENT
Blocks and anchors	4x8x16 concrete blocks, one for every 4 ft of outside wall. Anchors: 4 up to 16 ft long, 6 up to 28 ft long, 8 longer	
Skids	4x6 treated, on edge: 2 under 6 to 10 ft wide, 4 under 12 to 14 ft wide	
Floor joists	2x4 up to 8 ft wide, 2x6 wider, 16 in on center, 2x6 rim joists	
Floor	5/8 in 4x8 T&G, one layer	
Wall studs	2x4, 16 in on center, 1 bottom plate, 2 top plates, 3-stud corners	
Stud length	89 in on tall walls, 75 in on barn (loft) walls	
Door and window headers	2x6 doubled up to 4 ft, 2x8 doubled up to 6 ft 6 in, 2x10 doubled wider	
Wooden door openings	76 1/2 in high on tall walls, 71 1/2 in on barns	
Roof framing	Trusses 24 in on center, 2x4 chords, plywood gussets	
Roof pitch	About 6 1/2 in 12 on gable roofs; our standard barn (gambrel) truss on barns. Send your truss drawings if you have them	
Overhangs	Gable roofs: 5 in at the eaves, 5 1/2 in at the ends. Barns: 5 in at the eaves, 1 1/2 in at the ends	
Roof deck	7/16 in OSB; 2x4 purlins laid flat, 24 in apart, on metal buildings	
Roofing	Ribbed metal panels with a ridge cap	
Siding	Painted wood siding; metal siding on metal buildings	
Lofts	4 ft deep at both ends of lofted barns, 2x6 loft joists 16 in on center	
Porches	4x4 posts, 2x6 deck joists, a railing 34 in high	
Widths and delivery	A 12 ft wide building is 11 ft 2 in actual. 14 ft wide needs a permit or pilot car.	

ANYTHING ELSE ABOUT HOW YOU BUILD, OR WHAT AN OPTION CHANGES

7. DOORS, WINDOWS AND OPTIONS

Tick what you offer and write your price. A building's price already includes the doors and windows it comes with; a bigger door is charged as the difference. Give anything your own name if you call it something else.

DOOR, WINDOW OR FIXTURE	YOUR PRICE	YOUR NAME FOR IT
☐ 48 in Wooden Door	$	
☐ 72 in Wooden Double Doors	$	
☐ 36 in Wooden Door	$	
☐ Outside Light	$	
☐ 36 in In-Swing Door	$	
☐ 36 in 11-Lite Door	$	
☐ 11-Lite French Doors	$	
☐ 6 ft Roll-up Door	$	
☐ 8 ft Roll-up Door	$	
☐ 2×3 Window	$	
☐ 3×3 Window	$	
☐ 36×12 Transom Window	$	
☐ Work Bench (per foot)	$	
☐ Shelf (per foot)	$	
☐ Duplex Outlet	$	
☐ Switch + GFCI Outlet	$	
☐ Overhead Light	$	
☐ Faux Loft Window	$	
☐ 18×24 Gable Window	$	
☐ Octagon Gable Window	$	
☐ Porch Post	$	

OPTION	YOUR PRICE	YOUR NAME FOR IT
☐ 6 ft dormer (Dormer Shed)	$	
☐ 9 ft dormer (Dormer Shed)	$	
☐ 12 ft dormer (Dormer Shed)	$	
☐ 4 ft ramp	$	
☐ 6 ft ramp	$	
☐ DIY kit (no wood)	$	
☐ Electrical package 1: 1 overhead light · switch with GFCI outlet	$	
☐ Electrical package 2: 1 overhead light · switch with GFCI outlet · 3 more outlets (4 total)	$	
☐ Electrical package 3: 2 overhead lights · switch with GFCI outlet · 5 more outlets (6 total)	$	
☐ Shutters (a pair, for one window)	$	
☐ Door window	$	
☐ Exterior light + dual switch	$	
☐ Double floor (per square foot of floor)	$	
☐ Floor joists 12 in on center (16 in standard) (per square foot of floor)	$	
☐ Moisture barrier, floor (per square foot of floor)	$	
☐ Moisture barrier, walls (per square foot of wall)	$	
☐ Radiant barrier siding (per square foot of wall)	$	
☐ Radiant barrier roof (per square foot of roof)	$	

Options of your own

STYLE	SIZE	SIDING COLOR	TRIM COLOR	ROOF COLOR

9. PRICES AND QUOTES

How prices show in your 3D designer

☐ **The full price**, with a running total

☐ **A starting price** ("from $4,250")

☐ **No price**: they send the design and you call

THE LINE UNDER THE PRICE

For example: Prices plus tax. Free delivery within 50 miles.

NOTES FOR BUILDING WIDTHS

For example: 14 ft wide needs a permit.

Rent to own

☐ Show a monthly rent-to-own price by the total, and a box in the quote to pick the months

What your rent-to-own company charges a month on a **$5,000** building, for each term you offer (we work out the rest):

36 MONTHS ($ A MONTH)

48 MONTHS ($ A MONTH)

60 MONTHS ($ A MONTH)

YOUR RENT-TO-OWN COMPANY

MONTHS TO SHOW BY THE PRICE

WORDS UNDER THE MONTHLY PRICE

What the quote form asks

QUESTION			
Name	☐ Required	☐ Optional	☐ Don't ask
Phone	☐ Required	☐ Optional	☐ Don't ask
Email	☐ Required	☐ Optional	☐ Don't ask
ZIP code	☐ Required	☐ Optional	☐ Don't ask
Street and city	☐ Required	☐ Optional	☐ Don't ask
A note from the customer	☐ Required	☐ Optional	☐ Don't ask

☐ Also ask **What do you want to do with this quote?** (ready to buy, needs permit paperwork, needs engineering plans, or just seeing the price)

PERMISSION TO TEXT: THE WORDS BY A BOX CUSTOMERS CAN TICK (FOR EXAMPLE: YOU MAY TEXT ME ABOUT MY QUOTE)

10. ANYTHING ELSE
